Contribution ID: **193** Type: **Poster**

Isotopic and hydrogeochemical studies for evaluating aquifer vulnerability to saline water intrusion and groundwater quality of the Western Sundarbans Delta Complex, India

Tuesday, 21 May 2019 17:15 (15 minutes)

Primary author: Dr DAS, Debabrata (Panjab University)

Co-author: Prof. MAJUMDAR, Ranjit Kumar (Jadavpur University)

Presenter: Dr DAS, Debabrata (Panjab University)

Session Classification: Poster Session 1

Track Classification: Isotopes in Groundwater Chemistry and Water Pollution Research
