

First results of LH coupling and current drive in WEST full metallic environment and commissioning of the new ELM resilient ICRF antenna

Friday, October 26, 2018 3:20 PM (20 minutes)

Country or International Organization

France

Paper Number

EX/P8-33

Primary author: Dr EKEDAHL, Annika

Presenter: Dr EKEDAHL, Annika

Session Classification: P8 Posters

Track Classification: EXW - Magnetic Confinement Experiments: Wave-plasma interactions; current drive; heating; energetic particles
