

International Symposium on Trends in Radiopharmaceuticals (ISTR-2019)

Monday, 28 October 2019

S.3: Production of medical radioisotopes: Generators - M1 (16:00 - 17:30)

time	[id] title	presenter
16:00	[239] C. Cutler: Supply of 99Mo: Focus on US	
16:20	[240] B. Zhujkov: Successes and problems in the development of radioisotope generators	
16:40	[241] J. Harvey: Production of 99Mo: North Star projects	
17:00	[242] J. Osso: Role of the IAEA on the supply of 99Mo	
17:15	[243] Safeguards on the production of medical radioisotopes
