

16th IAEA Technical Meeting on Energetic Particles in Magnetic
Confinement Systems - Theory of Plasma Instabilities

Contribution ID: 108

Type: **Invited (Plenary Session)**

Experimental Progress

Friday, 6 September 2019 14:00 (40 minutes)

Summary presentation

Country or International Organization

United States

Primary author: PODESTA, Mario (Princeton Plasma Physics Laboratory)

Presenter: PODESTA, Mario (Princeton Plasma Physics Laboratory)

Session Classification: Summary
