

Technical Meeting on the Benefits and Challenges of Fast Reactors of the SMR Type

Tuesday, 24 September 2019 - Friday, 27 September 2019

Milano, Italy

Scientific Programme

Opening

Session I: Sodium Cooled Fast SMR

Session II: HLM Cooled Fast SMR

Session III: Molten Salt Fast SMRs

Session IV: Economic Aspects and Fuel Cycle of Fast SMRs

Session V: Safety Aspects of Fast SMRs

Session VI: Technology and Research in Support of SMR Development

Group Discussion I: In-factory construction

Group Discussion II: Technological challenges to be resolved

Group Discussion III: Discussion on benefits of fast SMR including market needs
