

# International Conference on the Management of Naturally Occurring Radioactive Materials (NORM) in Industry

VIRTUAL EVENT

International Conference on  
**Management of Naturally  
Occurring Radioactive  
Material (NORM) in Industry**

19–30 October 2020

#NORM2020

Contribution ID: 247

Type: **Poster**

## The NORM Survey Work Plan on the Second National Pollution Source Census

China's Second National Pollution Source Census conducted from 2017 to 2020, NORMs are the only radioactive objects in this census. The work plan was prepared by the Nuclear and Radiation Safety Center of the Ministry of Ecology and Environment. According to the work content of the census, the main process of the census includes: establishment of an organizational structure, determination of the census objects, formulation of normative documents for the census, carrying out pilot census, carrying out training for the census, carrying out preliminary survey and detailed survey, data collection and analysis, data verification and reporting, and summarizing the census. This plan also gives the schedule of the census work.

**Primary authors:** Mr SHANG, Zhaorong (Nuclear and Radiation Safety Center (NSC), Ministry of Ecology and Environment, P.R.China); Mr DANG, Yuqin (Nuclear and Radiation Safety Center (NSC), Ministry of Ecology and Environment, P.R.China); Mrs WANG, Yichuan (Nuclear and Radiation Safety Center (NSC), Ministry of Ecology and Environment, P.R.China)

**Presenter:** Mr SHANG, Zhaorong (Nuclear and Radiation Safety Center (NSC), Ministry of Ecology and Environment, P.R.China)

**Session Classification:** Session II - NORM Inventories

**Track Classification:** NORM Inventory
