

## Core Design of 100MWe Advanced Nitride-fueled Simplified Liquid Metal Cooled Fast Reactor

*Wednesday 20 April 2022 14:16 (12 minutes)*

### Country/Int. organization

Korea, Republic of

**Author:** Mr NGUYEN, Tung Dong Cao (Ulsan National Institute of Science and Technology)

**Co-authors:** Mr KIM, Ji Yong (Ulsan National Institute of Science and Technology ); Ms CHOE, Jiwon (Ulsan National Institute of Science and Technology ); Prof. BANG, In Cheol (Ulsan National Institute of Science and Technology); Prof. LEE, Deokjung (Ulsan National Institute of Science and Technology )

**Presenter:** Mr NGUYEN, Tung Dong Cao (Ulsan National Institute of Science and Technology)

**Session Classification:** 1.2 Innovative Design Advances

**Track Classification:** Track 1. Innovative Fast Reactor Designs
