

International Conference on Fast Reactors and Related Fuel Cycles FR22:
Sustainable Clean Energy for the Future (CN-291)

Contribution ID: 16

Type: POSTER

The neutronic study of the nitride fuel loaded CiADS core

Tuesday 19 April 2022 13:00 (2 hours)

Country/Int. organization

China

Authors: Dr ZHANG, Youpeng (Fudan University); Prof. WALLENIS, Janne (Royal Institute of Technology); Prof. GU, Long (Institute of Modern Physics, Chinese Academy of Sciences); Mr YANG, Sheng (Fudan University)

Presenter: Dr ZHANG, Youpeng (Fudan University)

Session Classification: Poster Session

Track Classification: Track 1. Innovative Fast Reactor Designs
