

International Conference on Fast Reactors and Related Fuel Cycles FR22:
Sustainable Clean Energy for the Future (CN-291)

Contribution ID: 108

Type: POSTER

Simple Design Comparison of uranium nitride pin cell assembly and matrix fuel assembly for a Lithium Cooled Fast Reactor

Tuesday, April 19, 2022 1:00 PM (2 hours)

Speaker's email address

tanqueraul111@outlook.com

Speaker's title

Mr

Country/Int. organization

China

Affiliation/Organization

Harbin Engineering University

Primary author: PINEDA, Raul (IAEA FELLOW)

Co-author: ZHANG, Zhi-gang (Harbin Engineering University)

Presenter: PINEDA, Raul (IAEA FELLOW)

Session Classification: Poster Session

Track Classification: Track 1. Innovative Fast Reactor Designs
