

International Conference on Fast Reactors and Related Fuel Cycles FR22:  
Sustainable Clean Energy for the Future (CN-291)

Contribution ID: 265

Type: POSTER

## Preliminary Shielding Analysis for the Versatile Test Reactor

*Wednesday, 20 April 2022 13:40 (2 hours)*

### Speaker's email address

tfei@anl.gov

### Country/Int. organization

United States of America

### Speaker's title

Mr

### Affiliation/Organization

Argonne National Laboratory

**Primary author:** FEI, Tingzhou (Argonne National Laboratory)

**Co-authors:** Dr BAYS, Samuel (Idaho National Laboratory); HEIDET, Florent (Argonne National Laboratory)

**Presenter:** FEI, Tingzhou (Argonne National Laboratory)

**Session Classification:** Poster Session

**Track Classification:** Track 2. Fast Reactor Safety
