

International Conference on Fast Reactors and Related Fuel Cycles FR22:
Sustainable Clean Energy for the Future (CN-291)

Contribution ID: 374

Type: POSTER

Irradiation Effects of T91 Ferritic/Martensitic Steel

Wednesday 20 April 2022 10:40 (2 hours)

Country/Int. organization

China

Authors: Mr LI, Junhong (China Institute of Atomic Energy); Mr HAO, Xianchao (Institute of Metal Research, Chinese Academy of Sciences); Mr SU, Xiping (China Institute of Atomic Energy); Mr YIN, Tong (China Institute of Atomic Energy)

Presenter: Mr LI, Junhong (China Institute of Atomic Energy)

Session Classification: Poster Session

Track Classification: Track 4. Fast Reactor Materials (Coolants, Structures) and Components
