

International Conference on Fast Reactors and Related Fuel Cycles FR22:
Sustainable Clean Energy for the Future (CN-291)

Contribution ID: 436

Type: ORAL

Versatile Test Reactor (VTR) Project Mission and Status

Wednesday 20 April 2022 14:52 (12 minutes)

Country/Int. organization

United States of America

Authors: PASAMEHMETOGLU, Kemal (Idaho National Laboratory); ROGLANS-RIBAS, Jordi (Argonne National Laboratory); O'CONNOR, Thomas (U.S. Department of Energy Office of Nuclear Energy)

Presenter: ROGLANS-RIBAS, Jordi (Argonne National Laboratory)

Session Classification: 5.1 Experimental Reactors and Facilities

Track Classification: Track 5. Test Facilities and Experiments
