

International Conference on Advances in Radiation Oncology #ICARO3

Thursday, 18 February 2021

Medical Physics Education: Medical Physics Education (12:00 - 14:00)

-Conveners: Debbie Van Der Merwe

time	[id] title	presenter
12:00	[279] IAEA Education and Training Initiatives	LORETI, Giorgia
12:20	[280] IOMP activities in medical physics education and training	IBBOTT, Geoffrey
12:40	[297] EFOMP activities in education and training of medical physicists in Europe	Mr MCCLEAN, Brendan
13:00	[281] Global Access to Medical Physics: Challenges and Opportunities (Round Table Discussion)	
	- [1] Virtual mentoring in global medical physics education and training	Mr VAN DYK , Jacob
	- [5] Challenges in establishing a clinical training programme for MP	Mrs VELEZ, Graciela
	- [2] The "Open Syllabus" project – improving global access to radiation oncology medical physics residency training content	Mr BASRAN, Parminder S.
	- [3] Experience as a remote supervisor under the IAEA Doctoral CRP Programme	Mr VENENCIA, Daniel
	- [4] Monitoring and Evaluation of IAEA e-learning Courses in Medical Physics	LORETI, Giorgia
