

International Conference on Accelerators for Research and Sustainable Development: from good practices towards socioeconomic impact

Contribution ID: 176

Type: **Poster**

Ion beam modification of photo/electrochemical electrodes for water splitting

Speaker's Affiliation

Wuhan University

Member State or IGO

China

Topical Area

Materials research (including materials damage studies)

Primary author: REN, Feng (Wuhan University)

Presenter: REN, Feng (Wuhan University)

Session Classification: Applications of heavy ion beams

Track Classification: Cutting-edge scientific results and innovation in applications
