

### International Conference on

Nuclear Knowledge Management and Human Resource
Development: Challenges and Opportunities
13-16 June 2022, Moscow, Russia

## **GUIDELINES**

# International Student Video Contest Role of nuclear technology in addressing climate change

#### **PARTICIPANTS**

Teams of up to 4 students, age up to 18, with at least 50% female representation. Teachers can be advisors.

Teams may be composed of students from a single school, or from a number of schools working together in IAEA Member States. No more than one entry per team can be considered.

#### **STAGE 1: ABSTRACTS**

Submissions for the contest should be uploaded to the <u>INDICO Student Video Contest</u> <u>2022 page</u>.

Each submission should include the following:

- (a) Short description of video (maximum 300 words), submitted through the <u>INDICO Call</u> <u>for Abstracts</u>, providing the outline of *what* will be produced, including motivation, outcome, methods, further thoughts, etc.; and
- (b) Team composition details (students' names and date of birth, accompanying teacher's name and official title in the school, school's full address) using the Microsoft form.

Abstracts must be in English.

The deadline for submission is **28 February 2022 midnight (CET)**. Applications submitted after this time will not be considered. Once an application has been submitted, it cannot be revised.

#### **STAGE 2: DIGITAL MEDIA/VIDEOS**

Shortlisted participants will be informed about it by latest **23 March 2022** and should thensubmit a link to their videos in an e-mail address: <a href="Missending-number-new-mailto-number-nu

The subject line of the e-mail should be: [International Student Contest] Video (Team Name).

Each submission should be:

(a)

- Link to their videos (maximum 3 minutes)
- Videos can be shot with mobile phones in landscape mode
- Participants must upload all videos on YouTube by 30 April 2022 midnight (CET).
- Participants can also upload videos on multiple social media such as Facebook,
   Twitter, and hashtags can be used
- Videos in a language other than English must have English subtitles
- (b) Free of copyrighted materials such as music, images and video clips that may violate or infringe upon the copyright of any other person or organization. It is the responsibility of the participants and not of the IAEA to ensure that all contents used in the project is free from copyright or that an appropriate copyright permission is obtained.

In addition, by submitting the project summary, participants agree to assign to the IAEA the copyright to publish the video on the IAEA website, social media and other platforms and certify that no other rights have been granted which could conflict with the right hereby given to the IAEA.

The deadline for submission is **30 April 2022 midnight (CET)**. Submissions received after this date will not be considered. Once the video has been submitted, there will be no opportunity to revise it. If an infringement of copyright is notified at any stage of the competition, the team will be immediately disqualified.

#### STAGE 3: FINALIST and WINNER SELECTION

Five teams (composed of maximum four students and one accompanying teacher per team) selected by the jury for the finals will be informed about it by latest 20 May 2022. **All finalists will be given certificates and awards**.

The winner of the Student Video Contest will be selected based on the number of votes for Video via conference app to vote and select a winner among the 5 teams of finalists.

The five finalist videos will be presented at the IAEA conference in Moscow and be given certificates and awards.

#### Prizes (for each team member):

- 1) 1st place electric scooter
- 2) 2nd place unicycle
- 3) 3rd place hoverboard
- 4) Special prize tracker
