

# 4th Technical Meeting on Divertor Concepts

## Wednesday, 9 November 2022

### PFMC (part II) - Board Room A (09:00 - 10:20)

-Conveners: Rudolf Neu

time	[id] title	presenter
09:00	[94] Tungsten lifetime assessment for divertor component design	DURIF, Alan
09:20	[121] Perspectives of chemical vapour deposition for the fabrication of tungsten fibre-reinforced composite components	RIESCH, Johann
09:40	[115] Plasma-facing components based on tungsten fiber-reinforced tungsten composites	Dr MAO, Yiran
10:00	[123] Numerical design optimization of plasma-facing components using functionally graded materials	VAN DEN KERKHOF, Sander
