

Technical Meeting on Emerging Applications of Plasma Science and Technology

Thursday, 21 September 2023

Agriculture - CR-4 (13:45 - 15:15)

-Conveners: Masaharu Shiratani

time	[id] title	presenter
13:45	[21] Pros and Cons of Plasma Agriculture: A Current View	SHIRATANI, Masaharu
14:15	[31] Perspectives on atmospheric pressure air plasma for chemical and microbial decontamination across the food production sector.	WALSH, James
14:45	[15] Plant pathogens control using air atmospheric pressure plasmas	KANEKO, Toshiro

Agriculture - CR-4 (15:35 - 16:35)

-Conveners: Masaharu Shiratani

time	[id] title	presenter
15:35	[39] Applied potential of cold plasmas for seed processing	MILDAŽIENĖ, Vida
16:05	[16] Plasma applications for smart and sustainable agriculture-possibilities and challenges	Dr PUAČ, Nevena

Friday, 22 September 2023

Agriculture: Summary and Discussion - CR-4 (14:15 - 15:00)
