

Fifth Technical Meeting on Fusion Data Processing, Validation and Analysis

Tuesday, 13 June 2023

DB/1 Information retrieval, dimensionality reduction and visualisation in fusion databases: Session 4 (09:00 - 10:10)

-Conveners: Joshua Stillerman; Min Xu

time	[id] title	presenter
09:00	[34] MINT, ITER Interactive Data Visualization Tool	Dr CASTRO, RODRIGO
09:40	[16] Metadata framework for distributed real-time control systems	STILLERMAN, Joshua

DB/1 Information retrieval, dimensionality reduction and visualisation in fusion databases (10:30 - 12:00)

-Conveners: Min Xu; Joshua Stillerman

time	[id] title	presenter
10:30	[39] End-to-end intra-pulse data analysis at ITER: first steps from magnetics to live display	ABREU, Paulo
11:00	[7] The role of structured multi-purpose databases in fusion research	Dr WEISEN, Henri
11:30	[32] Design Concept of Intelligent Integrated Control System for Neutral Beam Injection	Prof. HU, Chundong
