

Fifth Technical Meeting on Fusion Data Processing, Validation and Analysis

Tuesday, 13 June 2023

TIV/1 Analysis of time series, images and video: detection, identification and prediction: Session 5 (13:30 - 14:45)

-Conveners: Jesús Vega; Andrea Murari

time	[id] title	presenter
13:30	[42] Spectroscopic Analysis for impurities and Plasma parameters in Metallic Spherical Tokamak (MT-I)	Dr DEEBA, FARAH
14:00	[38] Analysis of intermittent data time series from the far scrape-off layer in Alcator C-Mod at high Greenwald fractions	AHMED, Sajidah
14:30	[10] A comparative study of event detection methods in fusion devices with an application to edge-localized modes	ALHAGE, Jerome
