

Fifth Technical Meeting on Fusion Data Processing, Validation and Analysis

Tuesday, 13 June 2023

IDA/2 Integrated data analysis and synthetic diagnostics: Session 6 (15:30 - 17:15)

-Conveners: Geert Verdoolaege; Rainer Fischer

time	[id] title	presenter
15:30	[35] Simulation-based inference with optical diagnostics	CHURCHILL, Randy
16:00	[20] Integrated Data Analysis augmented by kinetic modeling	BERGMANN, Michael
16:30	[25] On the use of Synthetic Diagnostics as Persistent Actors in Integrated Modelling workflows	SCHNEIDER, Mireille
17:00	[19] A Bayesian approach for estimating the kinematic viscosity model in reversed-field pinch fusion plasmas	Mr DE RYCKE, Jeffrey
