

# Second Technical Meeting on Long-Pulse Operation of Fusion Devices

## Wednesday, 16 October 2024

**RAMI & LPO session - Board Room D (09:00 - 10:25)**

time	[id] title	presenter
09:00	[60] EU-DEMO: pulsed vs. steady-state solution	SICCINIO, Mattia
09:35	[56] Plans to Develop Integrated Core-Edge-Wall Plasma Solutions for a Fusion Pilot Plant with DIII-D	BUTTERY, Richard
10:00	[54] Development of Technologies for the Fusion-Fission Hybrid Systems	SHPANSKIY, Yury

# Thursday, 17 October 2024

## RAMI & LPO session - Board Room D (13:35 - 14:25)

time	[id] title	presenter
13:35	[76] Development of Long Pulse Fully Non-inductive High-confinement Plasma with Full Tungsten Limiter/Divertor on EAST	Mr GONG, Xianzu
14:00	[68] Technical and Engineering challenges for long pulses on JET ITER Like Wall	Dr KING, damian
