

AVERAGE MAGNETIC DRIFT MODEL FOR ION TEMPERATURE GRADIENT DRIVEN INSTABILITY IN TOKAMAKS

Thursday 16 October 2025 18:09 (1 minute)

Speaker's email address

chenguangsha@foxmail.com

Speaker's Affiliation

Institute for Fusion Theory and Simulation, School of Physics, Zhejiang University, Hangzhou

Member State or IGO

China

Gender Survey (Speaker Only)

Mr

Author: JIA, Baobao

Co-authors: Mr ZHONG, Qi; XIAO, Yong (Institute for Fusion Theory and Simulation); Mr LI, Yueyan

Presenter: JIA, Baobao

Session Classification: Posters 4

Track Classification: TH - Magnetic Fusion Theory and Simulation: TH-S - Stability
