

# Study of erosion of ceramic materials under transient thermal load

*Friday 17 October 2025 12:39 (1 minute)*

## Speaker's email address

A.A.Kasatov@inp.nsk.su

## Speaker's Affiliation

Budker Institute of Nuclear Physics, Novosibirsk

## Member State or IGO

Russia

## Gender Survey (Speaker Only)

Mr

**Authors:** Dr BURDAKOV, Aleksandr (Budker Institute of Nuclear Physics); KASATOV, Alexandr (Budker Institute of Nuclear Physics); SHOSHIN, Andrey (Budker Institute of Nuclear Physics); CHEREPANOV, Dmitry (Budker Institute of Nuclear Physics (BINP)); SKOVORODIN, Dmitry (Budker Institute of Nuclear Physics (BINP)); KUZMIN, Eugene (Budker Institute of Nuclear Physics (BINP)); RYZHKOV, Georgy (Budker Institute of Nuclear Physics (BINP)); KANDAUROV, Igor (Budker Institute of Nuclear Physics (BINP)); Dr VYACHESLAVOV, Leonid (Budker Institute of Nuclear Physics (BINP)); POPOV, Vladimir (Budker Institute of Nuclear Physics (BINP))

**Presenter:** KASATOV, Alexandr (Budker Institute of Nuclear Physics)

**Session Classification:** Posters 5

**Track Classification:** TEC - Fusion Energy Technology: TEC-MTL - Material Developments
