

# Manipulating ambipolar electric field to improve confinement in stellarators

*Friday 17 October 2025 18:09 (1 minute)*

## Speaker's email address

zhihongl@uci.edu

## Speaker's Affiliation

University of California, Irvine

## Member State or IGO

United States

## Gender Survey (Speaker Only)

Prefer not to say

**Author:** Prof. LIN, Zhihong (UC Irvine)

**Presenter:** Prof. LIN, Zhihong (UC Irvine)

**Session Classification:** Posters 6

**Track Classification:** TH - Magnetic Fusion Theory and Simulation: TH-C - Confinement
