

# Recovery Behavior of High-Purity Cubic SiC for First-Wall Applications in Fusion Reactors by Post-Irradiation Annealing After Low-Temperature Neutron Irradiation

*Saturday 18 October 2025 14:01 (1 minute)*

## Speaker's email address

idzat@ukm.edu.my

## Speaker's Affiliation

Universiti Kebangsaan Malaysia, Bangi

## Member State or IGO

Malaysia

## Gender Survey (Speaker Only)

Ms

**Author:** BIN IDRIS, Mohd Idzat (Department of Applied Physics, Faculty Science and Technology, Universiti Kebangsaan Malaysia)

**Co-authors:** Mr YOSHIDA, Katsumi (Tokyo Institute of Technology); Mr YANO, Toyohiko (Tokyo Institute of Technology)

**Presenter:** BIN IDRIS, Mohd Idzat (Department of Applied Physics, Faculty Science and Technology, Universiti Kebangsaan Malaysia)

**Session Classification:** Posters 7 (8:30-10:40)

**Track Classification:** EX - Magnetic Fusion Experiments including Validation: EX-M - Material Interactions
