

# Highly effective hydrogen isotope separation through quantum sieving

*Friday 17 October 2025 12:39 (1 minute)*

## Speaker's email address

xrj902@163.com

## Speaker's Affiliation

Institute of Materials, China Academy of Engineering Physics

## Member State or IGO

China

## Gender Survey (Speaker Only)

Mr

**Author:** Prof. XIONG, Renjin (Institute of Materials, China Academy of Engineering Physics)

**Presenter:** Prof. XIONG, Renjin (Institute of Materials, China Academy of Engineering Physics)

**Session Classification:** Posters 5 (8:30-12:20)

**Track Classification:** TEC - Fusion Energy Technology: TEC-T - Tritium
