

Technical Meeting on Operating Experience and Lessons Learned on Managing Non-Standard Legacy Power and Research Reactor Spent Fuels

Tuesday 18 February 2025 - Friday 21 February 2025

IAEA Headquarters, Vienna, Austria (and virtual participation)

Book of Abstracts

Contents

Strategy for the exotic fuel management at Joint Research Centre Karlsruhe.	1
Operational experiences, including challenges from management spent nuclear fuel coming from research reactors EWA and MARIA in Poland	1
Operating Experience and Lessons Learned on Managing Non-Standard Legacy Spent Fuel from Power and Research Reactors in Russia	1
A collaborative approach to the treatment of the Norwegian exotic HEU-materials . . .	2
TECHNOLOGICAL APPROACHES TO NON-STANDARD SPENT NUCLEAR FUELS RE-PROCESSING	2
A summary of the interim storage of legacy fuel from the FGMSP storage pond in damp vented containers (Self Shielded Boxes)	2
Experiences and Lessons Learned in Technology Development and Management of Non-Standard Research Reactor Spent Fuel	3
Test	3
Plans for management of research reactor spent fuel in Norway	3
OPERATIONAL EXPERIENCES, INCLUDING CHALLENGES FROM MANAGEMENT SPENT NUCLEAR FUEL COMING FROM RESEARCH REACTORS EWA AND MARIA IN POLAND	4
AN OVERVIEW OF THE MANAGEMENT OF EXOTIC FUELS IN THE UNITED KINGDOM	4
CURRENT STATUS AND REVIEW OF SPENT FUEL MANAGEMENT IN HANARO RESEARCH REACTOR	5
EXOTIC LEGACY SPENT NUCLEAR FUEL: CHALLENGES AND STRATEGIES FOR LONG-TERM MANAGEMENT	5
An overview of the management of Exotic fuel in the UK	5
AN OVERVIEW OF THE MANAGEMENT OF EXOTIC FUELS IN THE UNITED KINGDOM	6
STRATEGY FOR THE MANAGEMENT OF NON CONVENTIONNAL LEGACY FUELS AT JRC-KA	6

1

Strategy for the exotic fuel management at Joint Research Centre Karlsruhe.

Author: Christophe Nourry¹

Co-authors: Thierry Wiss ¹; Jaroslava Pravdova ¹

¹ *European Commission*

Country:

Germany

Organization:

European Commission

2

Operational experiences, including challenges from management spent nuclear fuel coming from research reactors EWA and MARIA in Poland

Author: Krzysztof Madaj¹

¹ *Institute of Nuclear Chemistry and Technology*

Corresponding Author: krzysiekmadaj@gmail.com

Country:

Poland

Organization:

Institute of Nuclear Chemistry and Technology

3

Operating Experience and Lessons Learned on Managing Non-Standard Legacy Spent Fuel from Power and Research Reactors in Russia

Author: Lev Belinskiy¹

¹ *Rosatom, Russia*

Corresponding Author: lelbelinsky@rosatom.ru

Country:

Russia

Organization:

Rosatom

4

A collaborative approach to the treatment of the Norwegian exotic HEU-materials

Author: Thea Lyseid Authen¹

Co-author: Tonje Sekse²

¹ *Institute for energy technology*

² *Norwegian Radiation and Nuclear Safety Authority*

Corresponding Authors: thea.authen@nuk.ife.no, tonje.sekse@dsa.no

Country:

Norway

Organization:

Institute for Energy Technology (IFE) and Norwegian Radiation and Nuclear Safety Authority (DSA)

5

TECHNOLOGICAL APPROACHES TO NON-STANDARD SPENT NUCLEAR FUELS REPROCESSING

Author: Liubov Podrezova¹

Co-authors: Alexey Ananyev²; Andrei Shadrin³; Yelizaveta Filimonova

¹ *JSC «A.A. Bochvar High-tech Research Institute of Inorganic Materials»*

² *JSC "Advanced Research Institute of Inorganic Materials named after Academician A. A. Bochvar" (Bochvar institute)*

³ *JSC "PRORYV"*

Corresponding Author: lnpodrezova@bochvar.ru

Country:

Russian Federation

Organization:

JSC "Advanced Research Institute of Inorganic Materials named after Academician A. A. Bochvar" (Bochvar institute)

6

A summary of the interim storage of legacy fuel from the FGMSP storage pond in damp vented containers (Self Shielded Boxes)

Author: Paul Hughes¹

¹ *Sellafield Ltd*

Corresponding Author: paul.x.hughes@sellafieldsites.com

Country:

United Kingdom

Organization:

11

AN OVERVIEW OF THE MANAGEMENT OF EXOTIC FUELS IN THE UNITED KINGDOM

Author: Paul Standring¹

¹ *TUV SUD*

Corresponding Author: paul.standring@tuvsud.com

Country:

United Kingdom

Organization:

Consultant (IAEA)

12

CURRENT STATUS AND REVIEW OF SPENT FUEL MANAGEMENT IN HANARO RESEARCH REACTOR

Author: Donghyuk Lee¹

¹ *Korea Atomic Energy Research Institute*

Corresponding Author: dhlee807@kaeri.re.kr

Country:

South Korea

Organization:

Korea Atomic Energy Research Institute

13

EXOTIC LEGACY SPENT NUCLEAR FUEL: CHALLENGES AND STRATEGIES FOR LONG-TERM MANAGEMENT

Author: Sareh Amari Allahyari^{None}

Co-author: Pouria Barough¹

¹ *Vice President of Nuclear Planning and Strategic Supervision, AEOI*

Corresponding Author: sammari@aeoi.org.ir

Country:

iran

Organization:

Nuclear Science and Technology Research Institute (NSTRI)

14

An overview of the management of Exotic fuel in the UK

Author: Paul Standring¹

¹ *tuv sud*

Corresponding Author: paul.standring@tuvsud.com

Country:

United Kingdom

Organization:

Consultant

15

AN OVERVIEW OF THE MANAGEMENT OF EXOTIC FUELS IN THE UNITED KINGDOM

Author: Paul Standring¹
