

Session Program

7–11 Apr 2025

**Technical Meeting on Nuclear Data Needs for Antineutrino
Spectra and their Applications**

Reactor antineutrino experiments II

Seoul National University, Seoul

Monday 7 April

14:00

Reactor antineutrino experiments II

Session | Location: Seoul National University, Seoul

14:00–14:45 Status of the RENE experiment

Speaker
Jungsic Park

14:45–15:30

Recent results from the NEON experiment (Neutrino Elastic-scattering Observation in NaI)

Speaker
Chang Hyon Ha

15:30

16:00

Reactor antineutrino experiments II

Session | Location: Seoul National University, Seoul

16:00–16:45 DANSS detector status and upgrade

Speaker
Dr Mark Shirchenko

17:30
