

**Session Program**

7–11 Apr 2025

**Technical Meeting on Nuclear Data Needs for Antineutrino  
Spectra and their Applications**

***Reactor antineutrino experiments III***

Seoul National University, Seoul

Tuesday 8 April

09:00

Reactor antineutrino experiments III

Session | Location: Seoul National University, Seoul

09:00–10:00 Near-field Reactor Antineutrino Experiments and Applications in the US

Speaker  
Nathaniel Bowden

10:00–10:30

The Angra Neutrinos Experiment and Its Contribution to IAEA Nonproliferation Safeguards

Speaker  
Ernesto Kemp

10:30

11:00

Reactor antineutrino experiments III

Session | Location: Seoul National University, Seoul

11:00–11:45 Status of JUNO’s Taishan Antineutrino Observatory

Speaker  
Ruhui Li

11:45–12:30 IAEA CRP on Updating Fission Yield Data for Applications

Speaker  
Dr Paraskevi DIMITRIOU

12:30
