

Third Technical Meeting on Long-Pulse Operation of Fusion Devices

Tuesday 20 October 2026 - Friday 23 October 2026

Hefei, China

Topics

Long-Pulse and Steady-State Operation and Control

Plasma Wall Interactions, Exhaust and Control

Long-Pulse Heating and Current Drive Systems

Superconducting Magnet Technology and Operation

- **Extrapolation to Next Generation Devices: Pathways, RAMI, and Nuclear Technologies for Long-Pulse Operation**
