

Symposium on International Safeguards: Linking Strategy, Implementation and People - IAEA CN-220

Contribution ID: 265

Type: poster

Safeguards Support Provided by Dukovany NPP

Tuesday, 21 October 2014 16:50 (40 minutes)

NPP Dukovany is the closest nuclear power plant to IAEA Headquarters in Vienna. Its location together with specific design features of VVER 440 plant give perfect condition for close cooperation. Several tasks within the IAEA Support Program are being performed at Dukovany NPP. Besides these activities, the IAEA authorized the plant operator to perform spent fuel cask seals attachment by specified procedure without presence of inspectors.

The paper gives information about the mentioned activities.
