Safety and Security Interfaces in Emergency Situations

Tuesday, 28 October 2014 09:00 (20 minutes)

The presentation will focus on table top exercises which create an easy forum to merge safety and security issues and to allow training and open discussions between stakeholders on key points.

The general statements and remarks resulting from the French experience in nuclear security exercises will be shared and detailed in 4 main topics : 1 the decision making process, 2 the coordination and interfaces, 3 the planning, preparation and training, 4 the time and people managements.
