

Session Program

15–19 Sept 2014

**Technical Meeting on Management Strategies for
Accelerator Facilities**

Case Studies

Sant-Aubin, France

Wednesday 17 September

10:30

Case Studies

Session | Location: Sant-Aubin, France | Convener: Aliz Simon

10:30–11:00 **The COSY Facility at Jülich: New Accelerator Design and Possible Applications**

Speaker
Ralf Engels

11:00–11:30 **Operation Experiences of the Japan Proton Accelerator Research Complex (J-Parc)**

Speaker
Yujiro Ikeda

11:30–11:50 **Lessons from the Proton Engineering Frontier Project**

Speaker
Kui Young Kim

11:50–12:10 **The CNAO Synchrotron: Design, Operation and Organization**

Speaker
Marco Guiseppe Pullia

12:10–12:30 **CMAM, Starting from Scratch: Our Experience on how to get Experienced**

Speaker
Angel Munoz Martin

12:30

14:10

Case Studies

Session | Location: Sant-Aubin, France | Convener: Aliz Simon

14:10–14:40

Brazilian Synchrotron Light Laboratory - LNLS: from Scratch to a State-of-the-art Machine in 30 Years

Speaker
Antonio Jose Roque da Silva

14:40–15:00 **Establishment and Development of Thailand Synchrotron Light Source**

Speaker
Prapong Klysubun

15:00

Thursday 18 September

09:00

Case Studies: Case Studies

Session | **Location:** Sant-Aubin, France | **Convener:** Alessandro Zucchiatti

09:00–09:20 Accelerator Science at the University of Manchester Dalton Cumbrian Facility

Speaker
Kevin Warren

09:20–09:40 TIARA: Coordination of Accelerator R&D in Europe

Speaker
Roy Aleksan

09:40

Friday 19 September

09:00

Case Studies: Case Studies

Session | Location: Sant-Aubin, France | Convener: Dr Amor NADJI

09:00–09:30

SESAME Success Continues Despite Difficulties

Speaker

Khaled Toukan

09:30–09:50

European Research Platform IPANEMA

Speaker

Loic Bertrand

09:50
