

1992

Women of the Argentinian Nuclear Sector have shared WiN Global's vision since its birth.

Drastic changes such as projects cancellations and reduction of personnel, occurred during the late 1990's, the National Chapter reduced its activities.

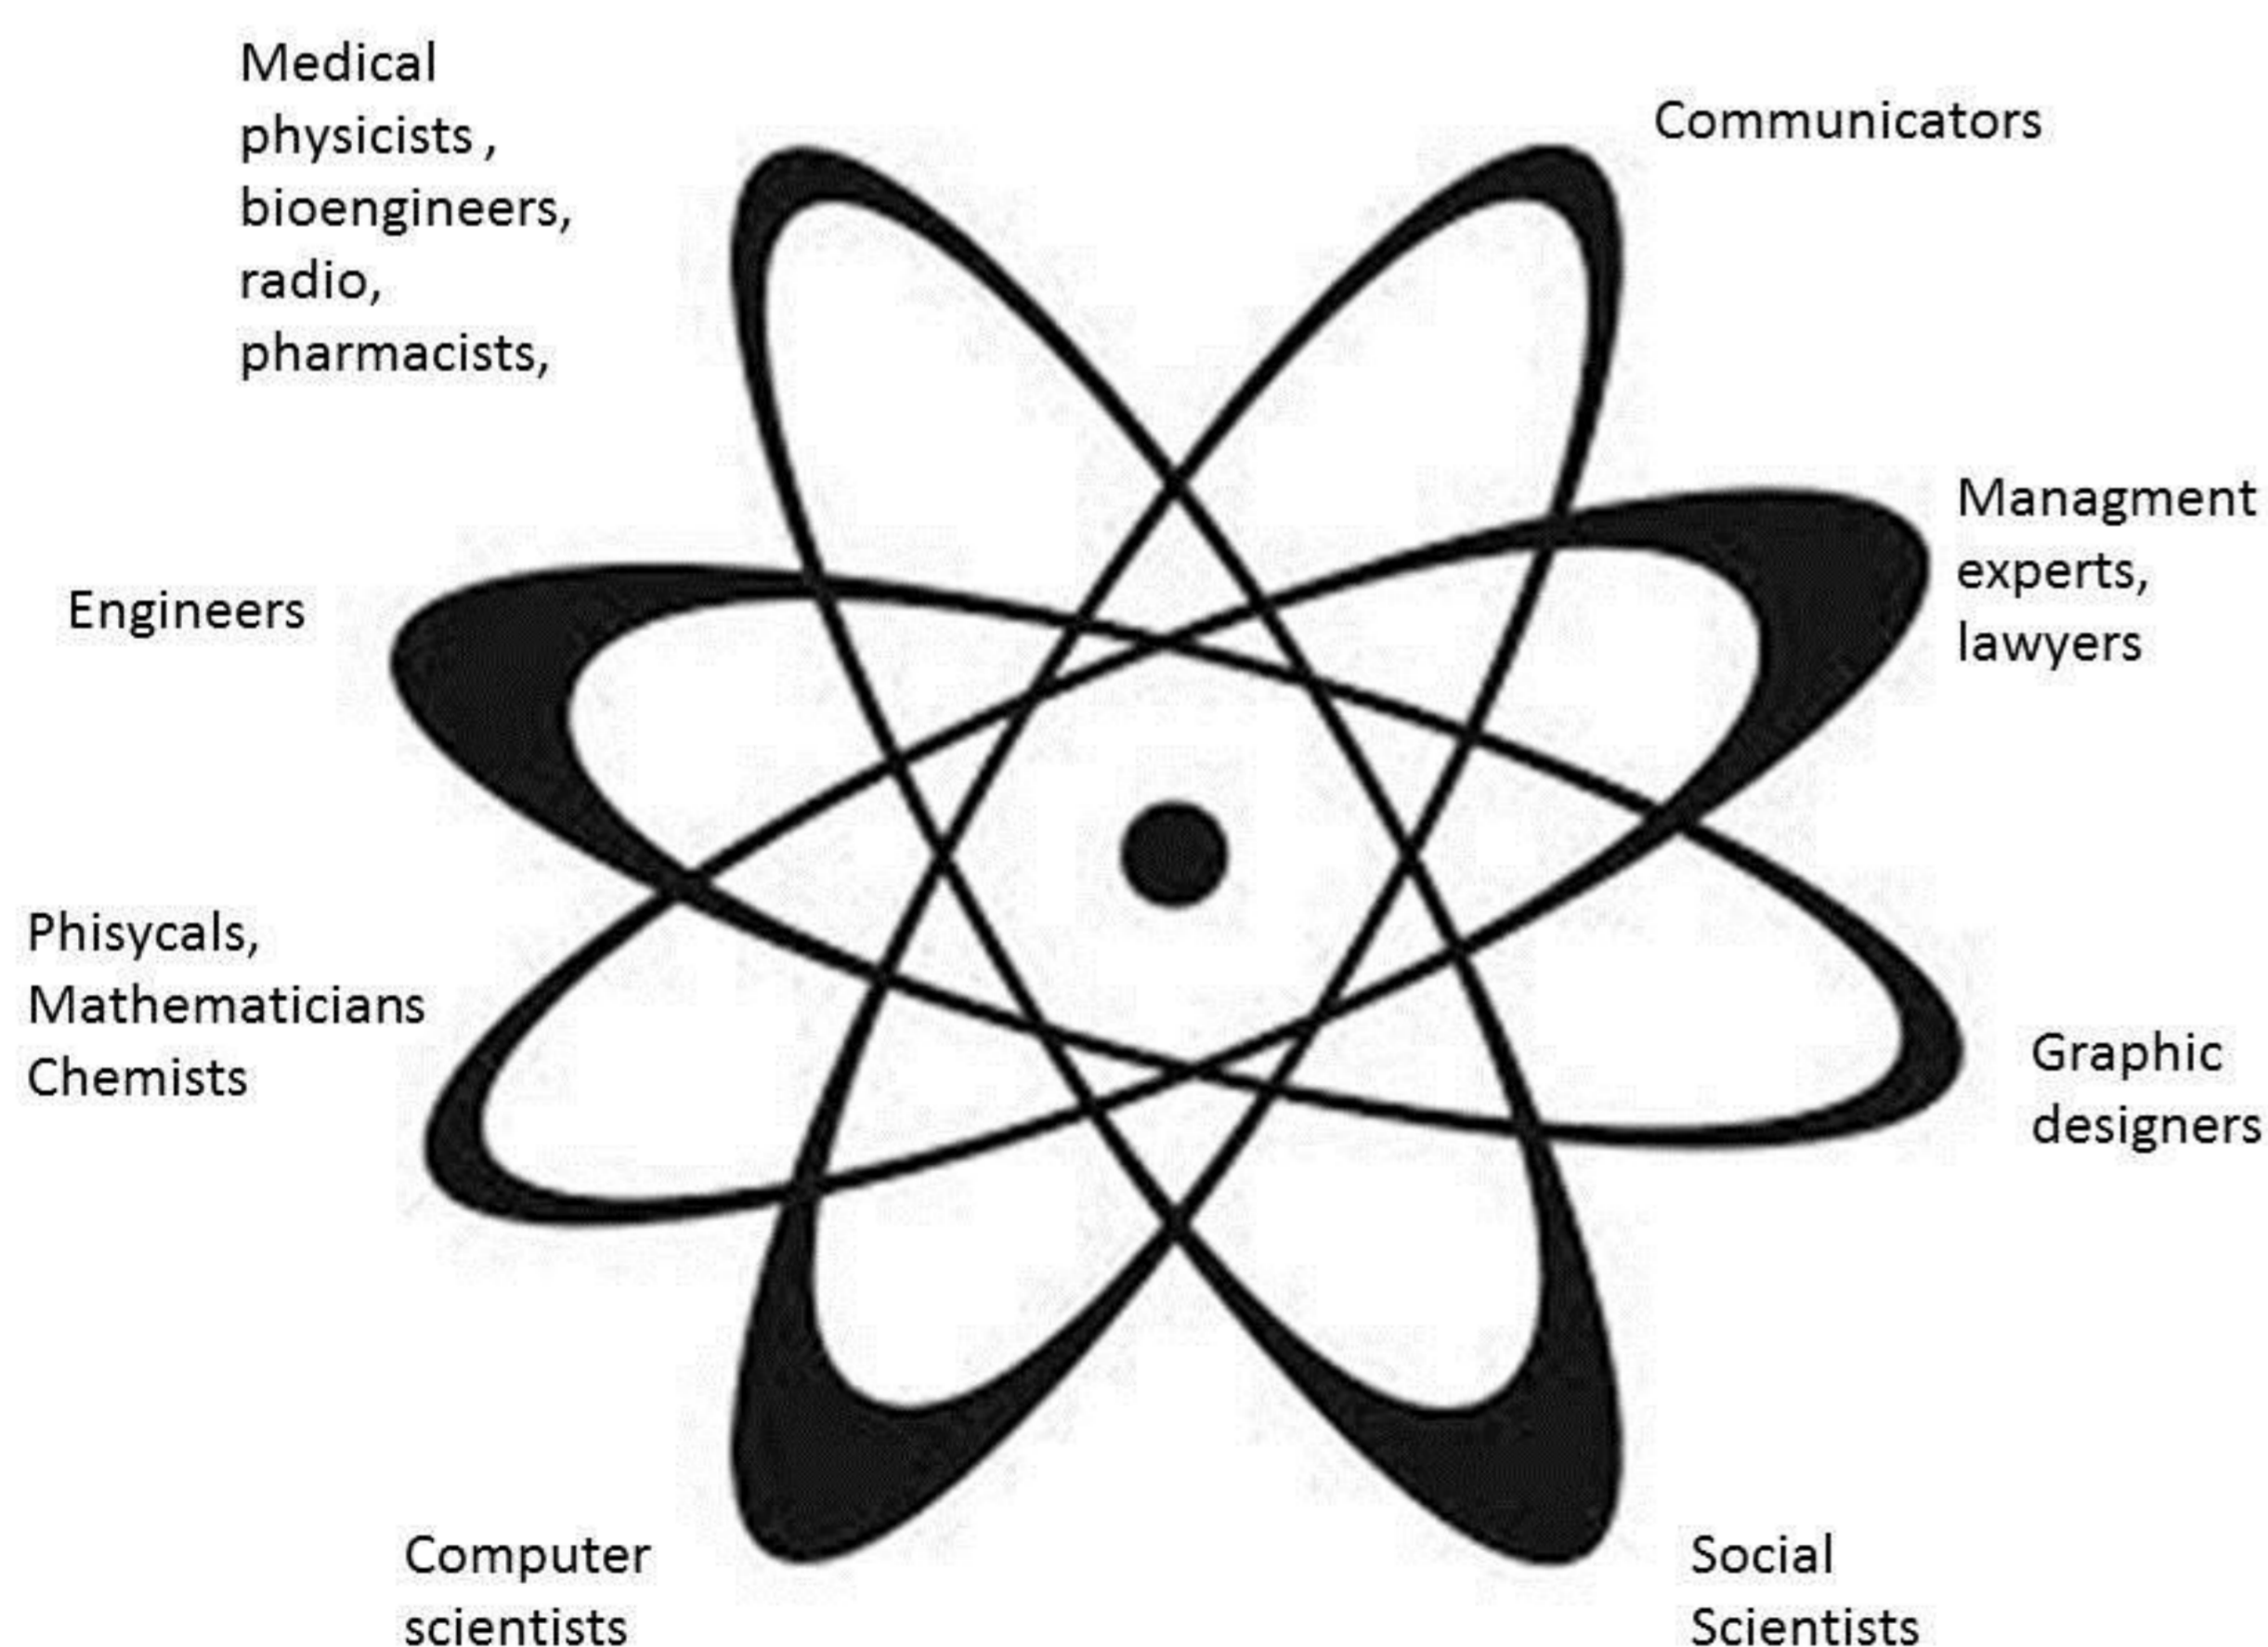

2006

Relaunch of the
ARGENTINIAN NUCLEAR PLAN

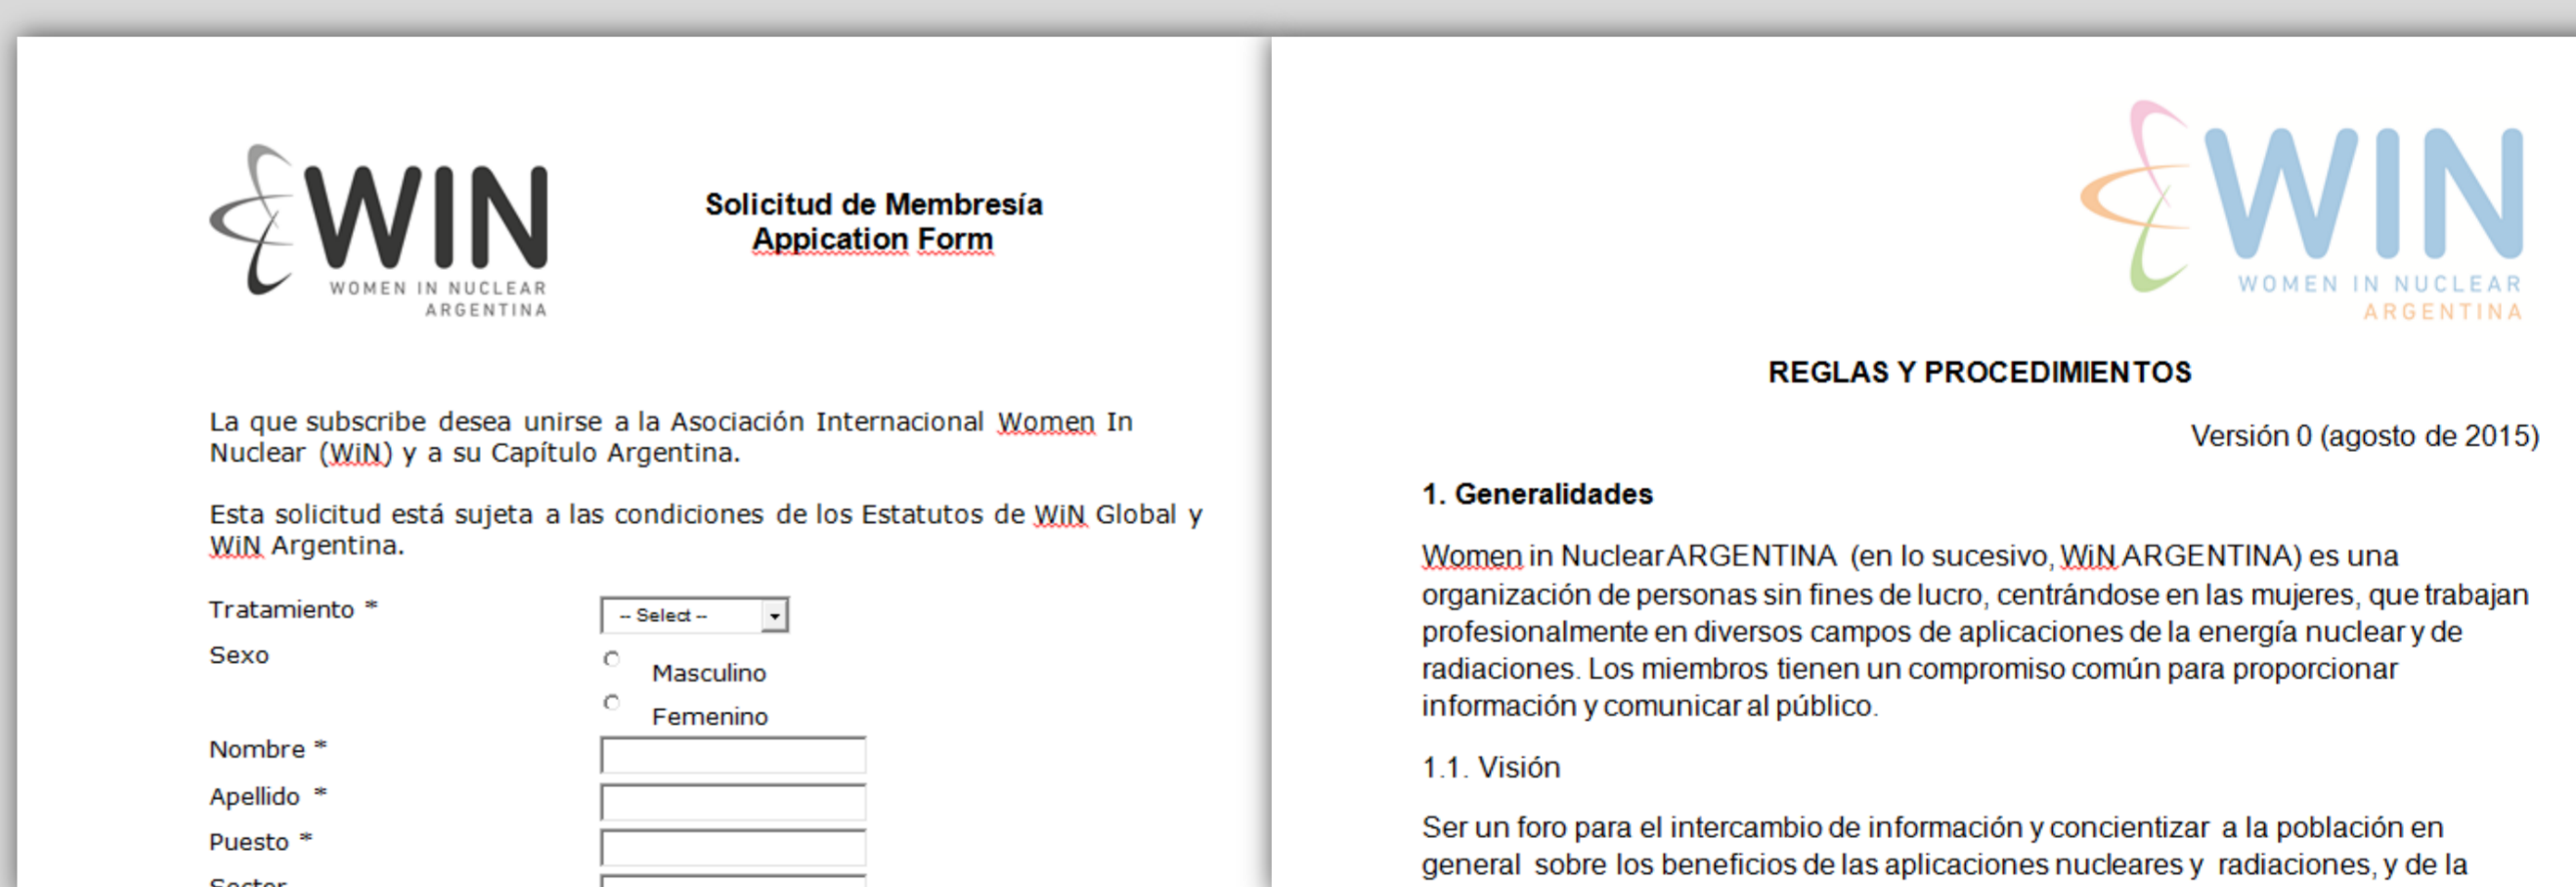

2014

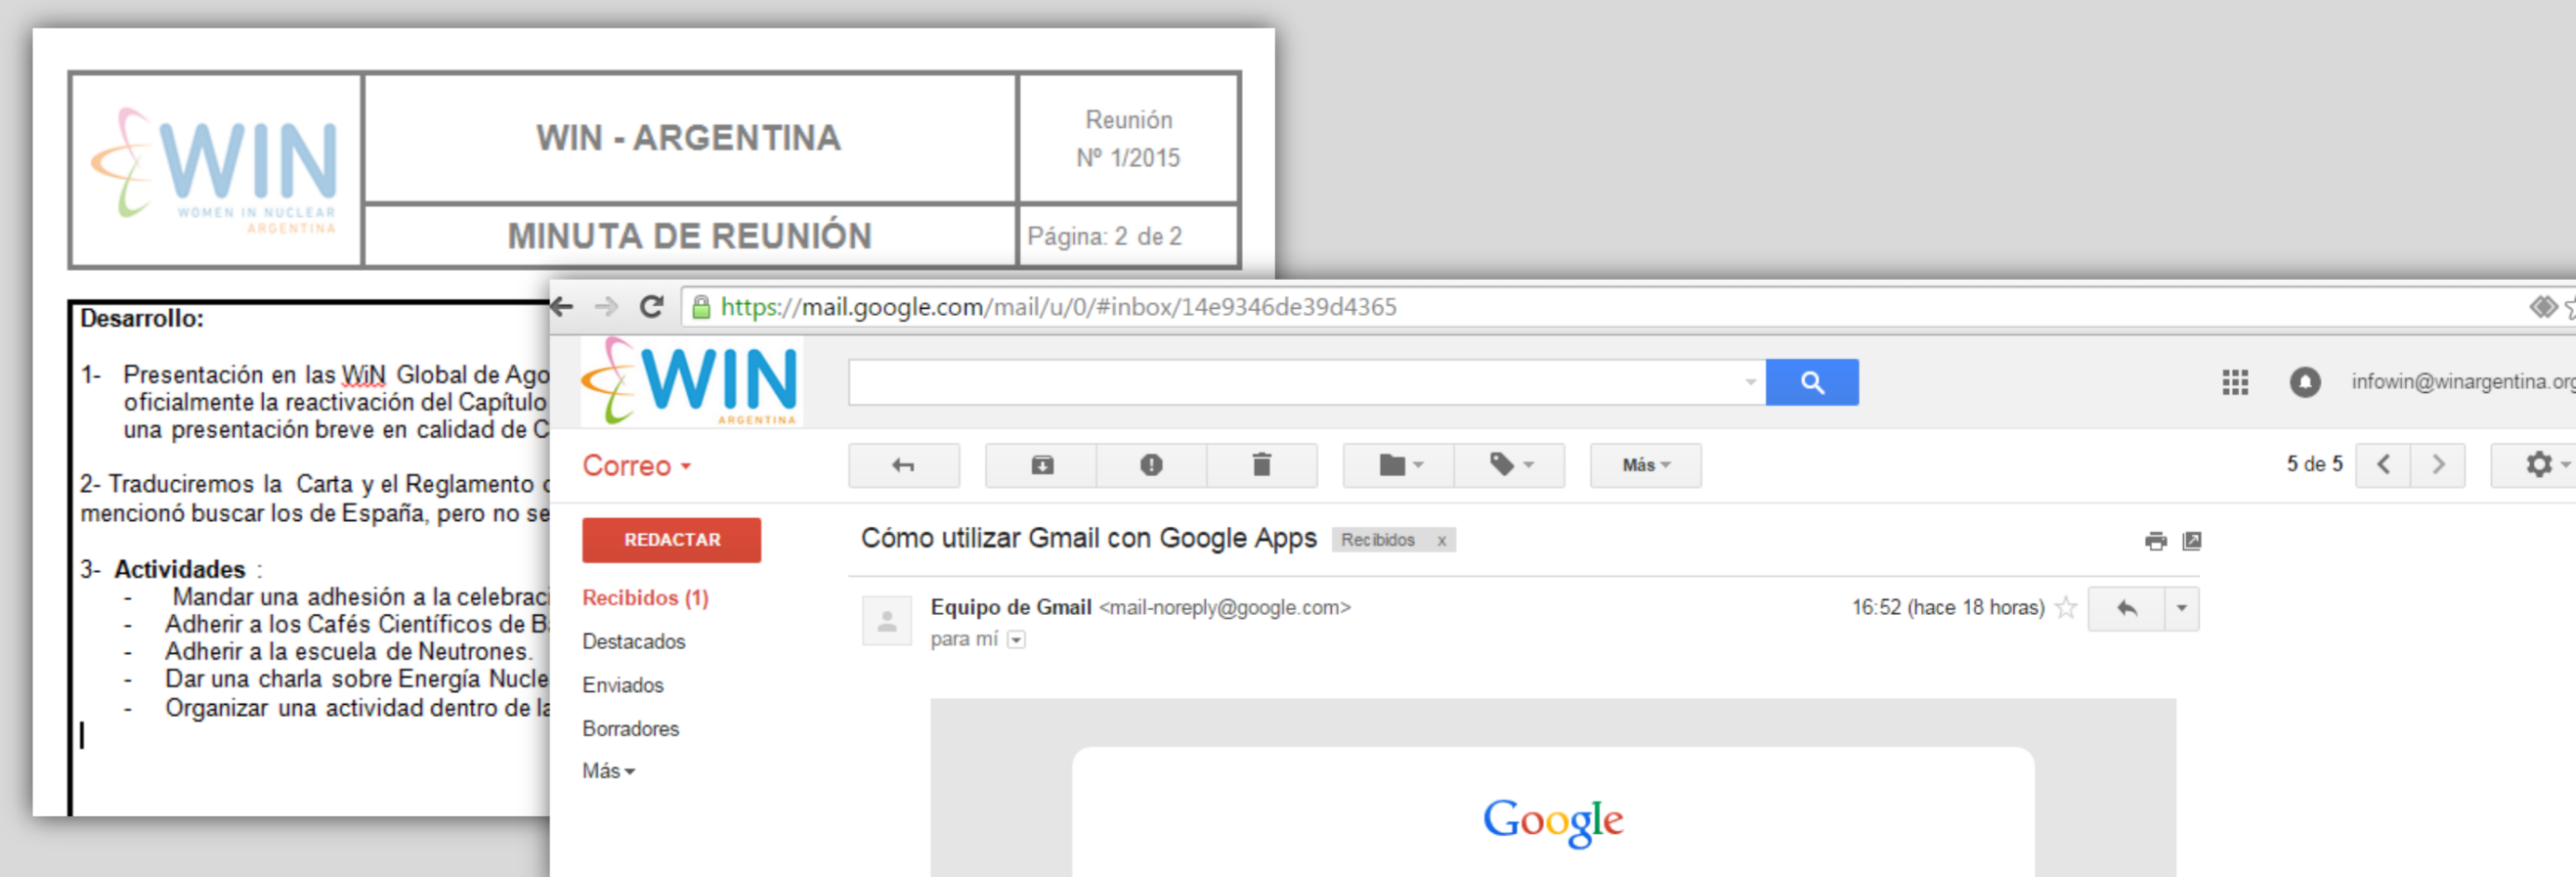

The Chapter was re- launched at the 40th Annual Meeting of the Argentinian Nuclear Technology Association (AATN)

New membership and governing structure in order to fulfill the WiN Charter's obligations and Win Global "Rules and Procedures.

New on-line office and communications

To come: web site an social networks profiles

Our goal is to gather women working in different areas of the nuclear sector to create multidisciplinary groups and work together to empower women and raise awareness of the benefits of nuclear and radiation applications
