

# International Conference on Research Reactors: Safe Management and Effective Utilization

## Monday, 16 November 2015

### Utilization and Application: I - VIC Board Room A (11:00 - 12:30)

-Conveners: Helmuth Boeck

time	[id] title	presenter
11:00	[153] IAEA Activities in Support of Enhanced Research Reactor Utilization and Sustainability	Dr RIDIKAS, Danas
11:30	[95] THE IMPACT OF THE EDUCATION AND TRAINING ON RESEARCH REACTORS FOR THE BUILDING OF THE KNOWLEDGE, COMPETENCIES AND SKILLS	Mr FOULON, François
11:50	[98] A Comparative Analysis of the Use of Internet Reactor Laboratory and a Subcritical Assembly for Nuclear Engineering Education	Dr MALKAWI, Salaheddin
12:10	[142] Education and Training at Research Reactors: Sharing the Experiences from Europe with Asia and Africa	Mr FOULON, François Dr SKLENKA, Lubomir

### Utilization and Application: Utilization and Application II - VIC Board Room A (14:00 - 15:30)

-Conveners: Peter BODE

time	[id] title	presenter
14:00	[91] Neutron imaging in science and technology	Dr KARDJILOV, Nikolay
14:30	[37] The Use of Thermal Neutron Beams at Medium Power Reactor LWR-15 in Řež for Competitive Neutron Scattering Experiments	Dr MIKULA, Pavol
14:50	[131] Modern methods to test materials and fuel in research reactors of RIAR	Mr IZHUTOV, Alexey
15:10	[121] Overview of the NEA Activities Related to Experimental Needs	Dr IVANOVA, Tatiana

# Thursday, 19 November 2015

## Utilization and Application - VIC Board Room A (13:30 - 15:00)

-Conveners: Junaid Razvi

time	[id] title	presenter
13:30	[188] Lessons Learned on Strategic Planning for Enhanced Utilization of Low Power Research Reactors	Mr GRANT, Charles.N.
14:00	[18] Improved performance of neutron activation analysis laboratories by feedback meetings following interlaboratory comparison rounds.	Dr BODE, Peter
14:20	[184] Overview of NAA method applied at Es-Salam research reactor	Mrs HAMIDATOU, Lylia
14:40	[41] Advances in utilisation of the JSI TRIGA Mark II reactor	Dr SNOJ, Luka

## Friday, 20 November 2015

### Utilization and Application - VIC Board Room A (09:00 - 10:30)

-Conveners: Jose Augusto Perrotta

time	[id] title	presenter
09:00	[183] Issues and Challenges in Research Reactors based Radioisotope Production	Dr PONSARD, Bernard
09:30	[87] Production of radionuclides for medical use at WWR-c reactor, radiopharmaceutical production under GMP standards	Mr GREMIACHKIN, Vladimir
09:50	[149] Current Status of Operation and Utilization of Dalat Nuclear Research Reactor and Strategic Plan in the Next Decade	Mr LUONG, BA VIEN
10:10	[40] Role of BAEC Research Reactor in the Development of Nuclear Science and Power Programs in Bangladesh	Dr SALAM, MD. ABDUS
