## Strategic Institutionalization of NKM in Newcomer NP Programme: The Nigeria Experience

*Wednesday, 9 November 2016 15:45 (15 minutes)*

Nigeria as a newcomer nation is strategically institutionalizing its NKM drive via two facets since it is going into an Inter-governmental Agreement (IGA) to acquire Nuclear Power Plants (NPPs) from foreign technical partners. The NKM implementation strategies include (1) NKM with respect to nuclear research and development activities and (2) NKM with respect to NPP vendor. Some lessons learnt in the implementation of the National Nuclear Power Programme (NNPP) are also outlined.
