

Third International Conference on Nuclear Knowledge Management - Challenges and Approaches

Contribution ID: 72

Type: poster

The Role of a Short-Term Education Programme in International Nuclear Human Resource Development and Knowledge Management

Monday, 7 November 2016 17:00 (1 hour)

The Nuclear Energy Management School is proposed as a good tool to structure the experiences of industries. The importance of a short-term international education programme for gathering knowledge regarding nuclear embarkation projects is discussed in this paper. The results of evaluating education efficiency from 2013 to 2016 will also be introduced in this presentation (or poster).

Country or International Organization

Japan
