on Control, Data Acquisition  
and Remote Participation  
for Fusion Research***

**Programme**

# This series of CODAC TM's

was started in Garching, Germany in 1997 by Prof. Hertweck

- To foster the international exchange on software & hardware development for Plasma Control & Data Acquisition to support specific needs in Nuclear Fusion Research
- Since then it was held every two years and hosted by various big Fusion Research sites in Amerika, Asia and Europe
- Main focus on the programme and conference topics was always about COntrOl, Data Acquisition, and Communication

So it's called the **CODAC TM**
