Thailand is a non-nuclear weapon state. The non-nuclear activities are mainly medical, agricultural, and industrial. Therefore, Thailand ratified the Nuclear Non-Proliferation Treaty (NPT) since 1972 and has been entering into force of the Comprehensive Safeguards Agreement (INFCIRC/241) in 1974. Based on the INFCIRC 153, Thailand established a system of accounting for and control of all nuclear material subject to safeguards under the Agreement. In order to ensure the peaceful use of nuclear in Thailand the Nuclear Non-Proliferation Center of Office of Atoms for Peace (NPC, OAP) was established to act as State level safeguard controls of all nuclear material subject to safeguards under the Agreement.

Up to present, nuclear activities in Thailand are peaceful use. The main activity is non-nuclear purpose. The nuclear activities in Thailand are peaceful use. The main activity is non-nuclear purposes.

**Abstract**

Thailand is the CSA State with the provision for ratification of AP. The nuclear activities in Thailand are peaceful use. The main activity is non-nuclear purposes.
